

MOSSwall® Acoustic

PANNELLO MODULARE MOSSWALL®
E FIBRA DI POLIESTERE.

MODULAR MOSSWALL®
AND POLYESTER FIBRE PANEL.

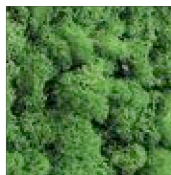

PANNEAU MODULAIRE MOSSWALL®
ET FIBRE DE POLYESTER.

MossWall® Acoustic è composto da pannelli MossWall® in lichene naturale stabilizzato e fibra di poliestere.

MossWall® Acoustic consists of MossWall® panels in stabilised natural lichen and polyester fibre.

MossWall® Acoustic est composé de panneaux MossWall® en lichen naturel stabilisé et en fibre de polyester.

> MOSSWall® Acoustic

LA SUPERFICIE GREEN DELL'ACUSTICA

La collaborazione con Verde Profilo®, azienda che ha inventato e brevettato MOSSWall®, ha portato all'evoluzione acustica del prodotto. Composto dal pannello MOSSWall® standard, con sottostruttura MOSSWall® e pannello in fibra di poliestere, unisce design e comfort acustico.

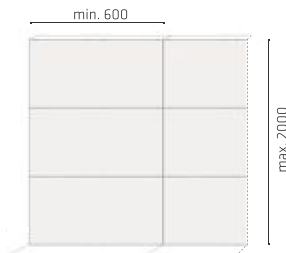

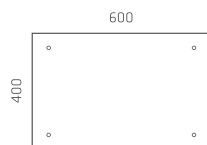

THE GREEN ACOUSTIC SURFACE

The partnership with Verde Profilo®, the company that invented and patented MOSSWall®, has led to the acoustic evolution of the product. Consisting of the standard MOSSWall® panel, MOSSWall® substructure and polyester fibre panel, it teams design with acoustic comfort.

LE CÔTÉ NATUREL DE L'ACOUSTIQUE

La collaboration avec Verde Profilo®, entreprise créatrice de l'invention brevetée MOSSWall®, a abouti à l'évolution acoustique du produit. Le panneau MOSSWall® standard, associé à la sous-structure MOSSWall® et aux panneaux en fibre de polyester, réunit design et confort acoustique.

DOVE E COME

MOSSWall® Acoustic è un prodotto altamente performante e versatile. I molteplici sistemi di applicazione consentono di realizzare rivestimenti murali, pareti autoportanti e pareti divisorie.

WHERE AND HOW

MOSSWall® Acoustic is a versatile, high-performing product. The multiple application systems enable the creation of wall coverings, stand alone walls and partition walls.

OÙ ET COMMENT

MOSSWall® Acoustic est un produit hautement performant et polyvalent. Sa polyvalence permet de réaliser des revêtements muraux, des plafonds autoportants et des murs de division.

SCHEDA TECNICA

Pannello modulare in lamiera zincata dimensioni 400x600 mm rivestito in MOSSWall® e pannelli in fibra di poliestere.

TECHNICAL DATA SHEET

Modular galvanised sheet metal panel measuring 400x600 mm covered with MOSSWall® and polyester fibre panels.

FICHE TECHNIQUE

Panneau modulaire en tôle zinguée, dimensions 400 x 600 mm avec revêtement MOSSWall® et panneaux en fibre de polyester.

SISTEMA DI MONTAGGIO

Parete a muro, parete a spinta, parete autoportante.

MOUNTING SYSTEMS

Wall against outside wall, room divider wall, stand alone wall.

SYSTÈME DE MONTAGE

Paroi murale, paroi en poussée, paroi autoportante

CAMPIONE SOTTOPOSTO A PROVA

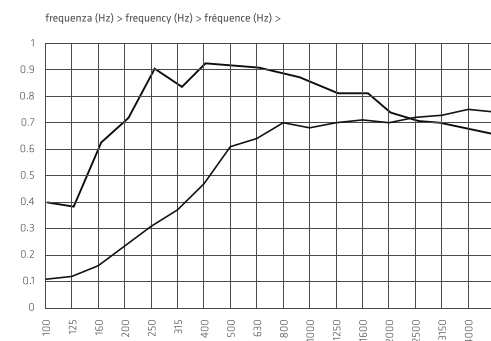

Pannello 3000 x 3600 mm
Installazione distanziata di 30mm.

SAMPLE TESTED

3000 x 3600 mm panel
Installation spacing 30 mm.

ÉCHANTILLON SOUMIS À ESSAIS

Panneau 3000 x 3600 mm
Installation espacée de 30 mm.

SCHEDA TECNICA

- Coefficiente di assorbimento acustico: $\alpha_w=0.55$ (installazione distanziata 30mm da soffitto/parete)
- Prodotto antistatico e antibatterico

DATA SHEET

- Acoustic absorption coefficient: $\alpha_w=0.55$ (installation spaced 30 mm from the ceiling/wall)
- Antistatic and anti-bacterial product

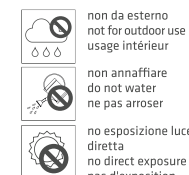

FICHE TECHNIQUE

- Coefficient d'absorption acoustique : $\alpha_w = 0,55$ (installation espacée de 30 mm du plafond/mur)
- Produit antistatique et antibactérien

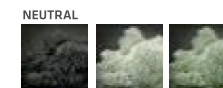

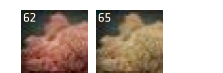

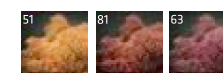

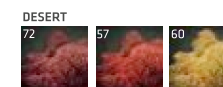

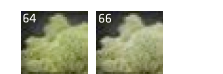

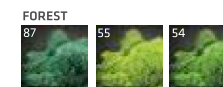

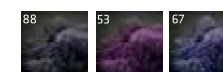

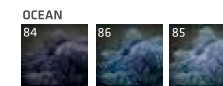

Per ordinativi inferiori ai 40 mq verificare sul listino le combinazioni di colori disponibili.

For orders below 40 square metres check the colour combinations available on the price list.

Pour les commandes de moins de 40 m², vérifier les combinaisons de couleurs disponibles dans le catalogue.
